DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner of Patents

The communication filed 30 October 2002 is not fully responsive to the Office communication mailed 30 September 2002 for the reason(s) set forth on the attached Notice To Comply With The Sequence Rules or CRF Diskette Problem Report. Applicant must comply with the requirements of the sequence rules (37 CFR 1.821 - 1.825) before the application can be examined under 35 U.S.C. §§ 131 and 132.

The specific problem with the instant application is the elected subgroup, SEQ ID NO: 34a, is not present in the submitted CRF or sequence listing. It is noted that the originally filed sequence listing contained SEQ ID NO: 34a. However, the original sequence listing (pages 38-63 of the specification) was cancelled upon entry of the sequence listing filed 09 January 2002. SEQ ID NO: 34a of the original sequence listing does not appear to be anywhere in the sequence listing/CRF filed 09 January 2002. Submission of a new CRF and sequence listing comprising SEQ ID NO: 34a is required in order to be able to perform a complete search.

Since the reply appears to be bona fide attempt to comply with the requirements of the sequence rules (37 CFR 1.821 - 1.825), applicant is given a TIME PERIOD of **ONE (1) MONTH** from the mailing date of this communication within which to correct the deficiency so as to comply with the sequence rules (37 CFR 1.821 - 1.825) in order to avoid abandonment of the application under 37 CFR 1.821(g). EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication should be directed to Examiner Angell, Art Unit 1635, whose telephone number is **(703) 605-1165**.

Any inquiry of a general nature or relating to the status of this application should be directed to the Technology Center receptionist whose telephone number is (703) 308-0196.
